R.E.M. Residential

To whom it may concern:

We've been fortunate to work with REM for mutual clients. The responsiveness of the staff to resident concerns remains a hallmark of REM's service. The residents appreciate speaking to someone who understands their concerns and attends to them with a smile. The culture of friendliness and openness makes our job a lot easier and reflects well on the Boards that employ REM.

Very truly yours,

Carl L. Finger, Esq.
